The Commonwealth of Massachusetts

William Francis Galvin, Secretary of the Commonwealth

To the Reader,

I am pleased to present this publication of election results with an easy to read format of combining primary and election results on the same page.

In addition to the 2002 state primary and general election results, this book contains combined tables of enrollment, registration, and turnout for each community in the Commonwealth, as well as percentage calculations for statewide offices and statewide ballot questions.

After the primary and election, each community sends to the Secretary of the Commonwealth an official report detailing how many votes were cast for each candidate for each office and every question on the ballot. This publication is then prepared from these results.

Write-ins and sticker votes are consolidated and listed under "all others." Only those candidates who won or made significant impact are listed by name.

I'm always looking for ideas to improve the way elections are conducted and the manner results are reported in Massachusetts, including the format of this publication. I would be happy to have any suggestions you may wish to offer. I hope that this volume will be easy for you to use.

Sincerely,

A handwritten signature in cursive script that reads "William Francis Galvin".

William Francis Galvin
Secretary of the Commonwealth

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 1, 2002?

SUMMARY

This proposed law would provide that no income or other gain realized on or after July 1, 2003, would be subject to the state personal income tax. That tax applies to income received or gain realized by individuals and married couples, by estates of deceased persons, by certain trustees and other fiduciaries, by persons who are partners in and receive income from partner-

ships, by corporate trusts, and by persons who receive income as shareholders of "S corporations" as defined under federal tax law. The proposed law would not affect the tax due on income or gain realized before July 1, 2003.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would eliminate any state personal income tax for income or other gain realized on or after July 1, 2003.

A NO VOTE would make no change in state tax laws.

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 1, 2002?

SUMMARY

This proposed law would replace the current state law providing for transitional bilingual education in public schools with a law requiring that, with limited exceptions, all public school children must be taught English by being taught all subjects in English and being placed in English language classrooms.

The proposed law would require public schools to educate English learners (children who cannot do ordinary coursework in English and who either do not speak English or whose native language is not English) through a sheltered English immersion program, normally not lasting more than one year. In the program, all books and nearly all teaching would be in English, with the curriculum designed for children learning English, although a teacher could use a minimal amount of a child's native language when necessary. Schools would be encouraged to place in the same classroom children who are from different native-language groups but who have the same level of English skills. Once a student is able to do regular schoolwork in English, the student would be transferred to an English language mainstream classroom. These requirements would not affect special education programs for physically or mentally impaired students or foreign language classes for children who already know English.

Parents or guardians of certain children could apply each year to have the requirements waived, so as to place their child in bilingual education or other classes, if the parents or guardians visit the school to be informed, in a language they can understand, about all available options. To obtain a waiver, the child must either (1) already know English; or (2) be at least 10 years old, and the school principal and staff believe that another course of study would be better for the child's educational progress and rapid learning of English; or (3) have special physical or psychological needs (other than lack of English skills), have already spent 30 days in an English language classroom during that school year, the school principal and staff document their belief that the child's special needs make another course of study better for the

party; and could not be elected to a school committee or employed in the public schools for 5 years. Parents or guardians of a child who received a waiver based on special needs could sue if, before the child reaches age 18, they discover that the application for a waiver was induced by fraud or intentional misrepresentation and injured the child's education.

All English learners in grades kindergarten and up would take annual standardized tests of English skills. All English learners in grades 2 and up would take annual written standardized tests, in English, of academic subjects. Severely learning disabled students could be exempted from the tests. Individual scores would be released only to parents, but aggregate scores, school and school district rankings, the number of English learners in each school and district, and related data would be made public.

The proposed law would provide, subject to the state Legislature's appropriation, \$5 million each year for 10 years for school committees to provide free or low-cost English language instruction to adults who pledged to tutor English learners.

The proposed law would replace the current law, under which a school committee must establish a transitional bilingual education program for any 20 or more enrolled children of the same language group who cannot do ordinary coursework in English and whose native language is not English or whose parents do not speak English. In that program, schools must teach all required courses in both English and the child's native language; teach both the native language and English; and teach the history and culture of both the native land of the child's parents and the United States. Teaching of non-required subjects may be in a language other than English, and for subjects where verbalization is not essential (such as art or music), the child must participate in regular classes with English-speaking students.

Under the current law, a child stays in the program for 3 years or until the child can perform successfully in English-only classes, whichever occurs first. A test of the child's English skills is given each year. A school committee may not transfer a child out of the program before the third year unless the parents approve and the child has received an English-skills test score appropriate to the child's grade level. A child may stay in the program longer than 3 years if the school committee and the parent or guardian approve.

child's educational progress and rapid learning of English, and the school superintendent approves the waiver, if 20 or more students in one grade level at a school receive waivers, the school would have to offer either bilingual education classes providing instruction in both the student's native language and English or classes using other generally recognized educational methodologies permitted by law. In other cases, a student receiving a waiver would have to be allowed to transfer to a school offering such classes.

A parent or guardian could sue to enforce the proposed law and, if successful, would receive attorney's fees, costs and compensatory money damages. Any school employee, school committee member or other elected official or administrator who willfully and repeatedly refused to implement the proposed law could be personally ordered to pay such fees, costs, and damages; could not be reimbursed for that payment by any public or private

Parents must be informed of their child's enrollment in the program and have the right to withdraw their child from the program.

The proposed law's testing requirements would take effect immediately, and its other requirements would govern all school years beginning after the proposed law's effective date. The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would require that, with limited exceptions, all public school children must be taught English by being taught all subjects in English and being placed in English language classrooms.

A NO VOTE would make no changes in English language education in public schools.

Chapter 44B of the Massachusetts General Laws, also known as the Community Preservation Act ("the Act"), allows communities to establish a dedicated source of funds for the acquisition, preservation and creation of open space and of land for recreational uses, for the acquisition and preservation of historic resources, and for the creation, preservation and support of community housing.

One source of funds for these activities would be a surcharge of one per cent (1%) on the annual tax assessed on real estate, subject to certain exemptions as discussed, below. The other source of funds would be funds which the City would receive from a special state trust fund. The state funds are available only to communities that have voted to accept the Act.

If the Act is accepted, the following would be exempt from the surcharge:

(1) Any taxpayer exempt from real estate property tax would be exempt from the surcharge; and (2) One hundred thousand dollars (\$100,000.00) of the value of each taxable parcel of residential real estate would be exempt from the surcharge. Any taxpayer receiving a tax abatement would be entitled to a reduction of the surcharge in proportion of the abatement.

If the Act is accepted, the City would establish a separate account known as the Community Preservation Fund ("the Fund") to which all surcharge receipts and the state funds would be credited. The City Council would pass an ordinance establishing a Community Preservation Committee. The Committee would study community preservation needs, possibilities and resources and make annual recommendations to the City Council.

The Fund could only be spent by the City Council for Community Preservation activities allowed under the Act. Each year not less than ten percent (10%) of the annual revenues to the Fund must be spent, or designated for later spending, on open space; not less than ten percent (10%) must be spent, or designated for later spending, on historic preservation and not less than ten percent (10%) must be spent, or designated for later spending, on community housing. The administration and operating expenses of the committee cannot exceed five percent (5%) of the annual revenues.

A "yes" vote is a vote to accept the Act. A "no" vote is a vote not to accept the Act.

Shall the Town of Wellesley accept sections 3 to 7, inclusive of Chapter 44B of the General Laws, as approved by its legislative body, a summary of which appears below?

Summary

Sections 3 to 7 of Chapter 44B of the General Laws of Massachusetts, also known as the Community Preservation Act, allow communities to establish a dedicated funding source, and thereby be eligible for state matching funds, with which to acquire and preserve open space, historic resources, land for recreational use, and community housing, and to rehabilitate and restore such open space, historic resources, land for recreational use, and community housing acquired or created under the Act.

As approved by Town Meeting, the local funding source for the Act in Wellesley will be a surcharge of 1% on the annual property tax bill assessed on real property, commencing in fiscal year 2003. (The surcharge for a single-family residential property with a median valuation [\$576,000 in FY02] will be approximately \$40 per year.) In addition, the Act creates a state trust fund from which the Town will receive distributions that are solely available to communities that have accepted the Act. The funding source for this trust fund is not subject to annual appropriation by the legislature; instead the Act has established increased filing fees at the local registry of deeds and land courts as the revenue source exclusively for the state Community Preservation Trust Fund.

The Act contains certain mandatory exemptions and allows communities to elect to include certain optional exemptions. Wellesley's Town Meeting has elected to include optional exemptions such that, if the Act is accepted, the following will be exempt from the surcharge: 1) One hundred thousand (\$100,000.00) dollars of the value of each taxable parcel of residential real estate; 2) Any property owned and occupied as a domicile by a taxpayer who qualifies for low income housing or moderate income senior housing; 3) Any taxpayer receiving a tax abatement would be entitled to a reduction of the surcharge in the proportion of the abatement; and 4) Any taxpayer exempt from real property tax.

If the Act is accepted by a majority of the voters, a Community Preservation Committee comprised of Town residents will be established by bylaw to recommend to Town Meeting on the expenditure of the community preservation funds. Town Meeting must approve any such recommendations before funds can be expended. The funds need not be spent in whole or in part in any one year, but may accrue until the Town decides how to use them. All expenditures pursuant to the Act will be subject to an annual audit.
